美國學制與 Lexile 閱讀級數參照

SCHOOL YEAR		LEXILE LEVEL	BENCHMARK LITERATURE	SAMPLE TEXT PASSAGES
12	11	1200L-1700L	Great Expectation: 1200L	Strange Objects sen the Minister for National Heritage engaged me to translate the manuscript which ers for the first time in this paper today. I expected the task would be purely academic. ually, I was honoured to be undertaking the translation of such an important work, eager to provide as accurate an interpretation of the text as I could, but nothing could e prepared me for the human element, the personality of the writer.
11	10	1100L	Harry Potter and the Half Blood Prince: 1030L	The Wind in the Willows Look here, he went on, this is what occurs to me. There's a sort of dull down there in front of us, where the ground seems all lumpy and lumpy and hummocky. We'll make our way down into that, and try and find some sort of shelter, a cave or hole with a dry floor to sit out of the snow and the wind, and there we'll have a good rest before we try again, for we're both of us pretty dead beat. Besides, the snow may blow off, or something may turn up.
10	9	1000L	Hunger Games: 880 L	Storm Boy He went round and spat on his hands as he started to dig and scrape with his hands. The ground was too hot for his bare knees, but by whipping off the surface sand as quickly as he could and digging down deeper he could just bear it. Before long he had hollowed out a long trench in front of the two off-side wheels.
9	8	900L	Hunger Games: 880 L	Harry Potter and the Philosopher's Stone Nothing like this man had ever been seen in Privet Drive. He was tall, thin and very old, judging by the silver of his hair and beard, which were both long enough to tuck into his belt. He was wearing long robes, a purple cloak which swept the ground and high-heeled, buckled boots. His blue eyes were light, bright and sparkling, behind half-moon spectacles and his nose was very long and crooked, as though it had been broken at least twice.
8	7	800L	Charlotte's Web: 680 L	Misery Guts Keith fumbled in the dark for his cassette player. He pressed the play button. The sound of a gentle surf filled the room. At least that's what Keith hoped the others would think it was. Rather than the sound of an RV106 steam locomotive chugging a hill one outside Swansea which had been the closest thing to a gentle surf on Rami Smith's dad's sound effects records.
7	6	700L	Charlotte's Web: 680 L	Rowan and the Keeper of the Crystal The stairs wound down, down. Rowan lost count of them. He realised that he was under the earth, under the sea. A soft blue-green light lit his way. The walls on either side of him were stone, hard and cold under his feet. There was the sound of dripping water and the smell of salt and sea plants.
6	5	600L	Goosebumps Series: 400L - 500L	Go Heratin! It's amazing how much nicer my family is when there's a visitor. Rachel had agreed to stay for tea, so Mark was on his best behaviour and so were Mum and Dad. We even got to eat at the table instead of in front of the TV.
5	4	500L	Goosebumps Series: 400L - 500L	Franklin and the Thunderstorm I whispered, 'Come out sea, come out, I won't hurt you.' He ing happened. Then he heard a wide-washing noise and the off.
4	3	400L	Goosebumps Series: 400L - 500L	Franklin and the Thunderstorm As Franklin hurried to Frank's house, he kept looking at the sky. The clouds moved quickly, and wind whirled dirt in the air. Franklin felt all jumpy inside.
3	2	300L	Duck on a Bike: 240L⁹	I Went Walking I went walking. What did you see? I saw a black cat looking at me. I went walking. What did you see? I saw a brown horse looking at me. I went walking. What did you see? I saw a red cow looking at me.
